Application No.10/808,253	:	DECISION ON PETITION
Filed: March 23, 2004	:	
Attorney Docket No. IDT-1883-UT	:	

This is a decision on the petition under the unintentional provisions of 37 CFR 1.137(b), filed February 20, 2008, to revive the above-identified application.

The petition is **GRANTED**.

This application became abandoned for failure to timely submit corrected formal drawings on or before August 1, 2007, as required by the Notice of Allowability, mailed May 1, 2007. Accordingly, the date of abandonment of this application is August 2, 2007.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the corrected formal drawings, (2) the petition fee of 1540; and (3) a proper statement of unintentional delay.

It is not apparent whether the person signing the statement of unintentional delay was in a position to have firsthand or direct knowledge of the facts and circumstances of the delay at issue. Nevertheless, such statement is being treated as having been made as the result of a reasonable inquiry into the facts and circumstances of such delay. See 37 CFR §10.18(b). In the event that such an inquiry has not been made, Petitioner must make such an inquiry. If such inquiry results in the discovery that it is not correct that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR §1.137(b) was unintentional, petitioner must notify the Office.

The address on the petition differs from the correspondence address of record. If appropriate a change of correspondence address should be submitted. A courtesy copy of this decision will be mailed to Petitioner. However, all future correspondence will be directed to the address of record until such time as appropriate instructions are received to the contrary.

This application is being referred to Publishing Division for processing into a patent.

Telephone inquiries concerning this decision should be directed to the undersigned at (571) 272-3215.
